## 2. Introduction

### a. Company History

RTM Vacuum & Hydro Jetting (Pty) Ltd was founded in 2007. We currently have 240 permanent and an average of 20 temporary employees in total.

### b. What We Do

RTM Vacuum & Hydro Jetting (Pty) Ltd is an established company in the Vacuum and High Pressure Water Cleaning industry. We also offer training courses at our on-site training facility. RTM Vacuum & Hydro Jetting (Pty) Ltd mostly services the petro chemical and refinery industries of South Africa.

## 3. Strategy

### a. Vision Statement

**Safety Without Limits**

RTM Vacuum & Hydro Jetting (Pty) Ltd is committed to Quality Assurance and Safety in ALL aspects of our work, at all times.

### b. Mission Statement

RTM Vacuum & Hydro Jetting (Pty) Ltd is firmly committed to adding value to the business of our customers through the provision of SAFE, effective and professional services.

Our entire team is bound to safe work practices at all times and we endeavour to protect the environment to the best of our ability, wherever we operate.

We conduct our business with integrity, showing due respect to all stakeholders. To be seen as a competent business partner to all our clients, for long term relationships.

Enhancing our services by introducing INTERNATIONALLY acclaimed technology, equipment and standards to the benefit of our clients, staff and environment.

To keep up our reputation of integrity, good business ethics and the best quality of services, in the marketplace.

**c. Values**

RTM Vacuum and Hydro Jetting (Pty) Ltd is a behavioural based safety focused company, always striving for optimal training and qualifications within its staff.

**d. Business Goals & Objectives**

- Safety always comes FIRST
- Constantly seek to improve quality of services
- Improve skills of employees through on-going training
- Fast & effective response to customer call-outs

**e. Environmental Policy**

RTM recognises that has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impacts and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points. We will encourage customer's suppliers and other stakeholders to do the same.

---

## Responsibility

RTM is responsible for ensuring that the environmental policy is implemented. However, all employees have a responsibility in their area to ensure that the aims and objectives of the policy are met.

### We endeavour to:

- ✓ Comply with and exceed all relevant regulatory requirements.
- ✓ Continually improve and monitor environmental performance.
- ✓ Continually improve and reduce environmental impacts.
- ✓ Incorporate environmental factors into business decisions.
- ✓ Increase employee awareness and training.

## Paper

- ✓ We will minimise the use of paper in the office.
- ✓ We will reduce packaging as much as possible.
- ✓ We will seek to buy recycled and recyclable paper products.
- ✓ We will reuse and recycle all paper where possible.

## Energy and Water

- ✓ We will seek to reduce the amount of energy used as much as possible.
- ✓ Lights and electrical equipment will be switched off when not in use.
- ✓ Heating will be adjusted with energy consumption in mind.
- ✓ The energy consumption and efficiency of new products will be taken into account when purchasing.

## Office Supplies

- ✓ We will evaluate if the need can be met in another way.
- ✓ We will evaluate if renting/sharing is an option before purchasing equipment.
- ✓ We will evaluate the environmental impact of any new products we intend to purchase.
- ✓ We will favour more environmentally friendly and efficient products wherever possible.
- ✓ We will reuse and recycle everything we are able to.

## Transportation

- ✓ We will reduce the need to travel, restricting to necessity trips only.
- ✓ We will promote the use of travel alternatives such as e-mail or video/phone conferencing.
- ✓ We will make additional efforts to accommodate the needs of those using public transport or bicycles.
- ✓ We will favour 'green' vehicles and maintain them rigorously to ensure on-going efficiency.

## Maintenance and Cleaning

- ✓ Cleaning materials used will be as environmentally friendly as possible.
- ✓ Materials used in office refurbishment will be as environmentally friendly as possible.
- ✓ We will only use licensed and appropriate organisations to dispose of waste.

## Monitoring and Improvement

- ✓ We will comply with and exceed all relevant regulatory requirements.
- ✓ We will continually improve and monitor environmental performance.
- ✓ We will continually improve and reduce environmental impacts.
- ✓ We will incorporate environmental factors into business decisions.
- ✓ We will increase employee awareness through training.
- ✓ We will review this policy and any related business issues at our monthly management meetings.

## Culture

- ✓ We will involve staff in the implementation of this policy, for greater commitment and improved performance.
- ✓ We will update this policy at least once annually in consultation with staff and other stakeholders where necessary.
- ✓ We will provide staff with relevant environmental training.
- ✓ We will work with suppliers, contractors and sub-contractors to improve their environmental performance.
- ✓ We will use local labour and materials where available to reduce CO2 and help the community.

---
